About Allegion

At Allegion, we help keep people safe and secure where they live, work and visit. With more than 30 brands sold in almost 130 countries across the globe, we specialise in security around the doorway and beyond: everything from residential and commercial locks, door closer and exit devices, sliding and folding door hardware to access control and workforce productivity systems.

At the core of our $2.9 billion business is the knowledge and experience of the 12,000+ dedicated employees behind our brands. We help our customers navigate their toughest security challenges, and we help builders and property owners differentiate themselves by providing innovative and secure solutions. Operational excellence is a key part of what we do for our customers, and is a focus for our employees. Our trained specification writers and experts not only help our customers adhere to codes and standards – we help advocate for and raise those security standards in the first place, in markets around the world.

While mechanical hardware is the foundation of our business and will always be at the core of what we do, we recognize that the future of the security industry lies in addressing the needs of an increasingly connected world. Electronic solutions don't replace our mechanical products – they make them more powerful. That's why our core strength in mechanical security, when combined with digital, mobile and interconnected electronic solutions – and our expertise in style and design – makes us a leader in our markets.

Elegance Push2Go

Elegance Series

Conventional screen door locks often feature two stage key locking – the first stage is privacy and the second stage is deadlocking.
The Elegance Push2Go replaces the need for a key to engage privacy locking with a push button so you can "Push2Go".
The door is then privacy locked (not deadlocked) from the outside. The door can be unlocked from the inside with the turn snib and unlocked from the outside with a key.

1.1. "Seller" means Allegion (Australia) Pty Ltd, its successors and assigns or any person acting on behalf of and with the authority of Allegion (Australia) Pty Ltd.

1.2. "Buyer" means the person/s or any person acting on behalf of and with the authority of the Buyer requesting the Seller to provide the Services as specified in any proposal, quotation, order, invoice or other documentation, and:

(a) if there is more than one Buyer, is a reference to each Buyer jointly and severally; and

(b) if the Buyer is a part of a Trust, shall be bound in their capacity as a trustee; and

(c) includes the Buyer's executors, administrators, successors and permitted assigns.

1.3. "Goods" means all Goods or Services supplied by the Seller to the Buyer at the Buyer's request from time to time (where the context so permits the terms 'Goods' or 'Services' shall be interchangeable for the other).

1.4. "Confidential Information" means any information supplied by the Seller to the Buyer and any confidential information of the Seller that comes into the possession of the Buyer in connection with this Agreement, including without limitation the terms of this Agreement, other than information that is generally available in the public domain (without unauthorised disclosure under this Agreement) other than through breach of this Agreement by the Buyer.

1.5. "Agreement" means the terms and conditions contained herein, together with any Quotation, order, invoice or other document or amendments expressed to be supplemental to this Agreement. If there are any inconsistencies between the incorporated documentation (including, but not limited to, any special terms or conditions), then any conflicting term or condition contained in any Quotation, order, invoice or other document, or amendments expressed to be supplemental to this Agreement, shall prevail.

1.6. "Price" means the Price payable (plus any Goods and Services Tax ("GST") where applicable) for the Goods as agreed between the Seller and the Buyer in accordance with clause 5 below and shall be in Australian Dollars ($AU), unless otherwise specified.

1.7. "GST" means Goods and Services Tax as defined within the "A New Tax System (Goods and Services Tax) Act 1999" (Cth).

2. **Acceptance**

2.1. The Buyer is taken to have exclusively accepted and is immediately bound, jointly and severally, by these terms and conditions if the Buyer places an order for or accepts delivery of the Goods.

2.2. These terms and conditions of this Agreement may only be amended with the consent of both parties in writing and shall prevail to the extent of any inconsistency with any other schedule or document pertaining to this Agreement between the Buyer and the Seller.

2.3. None of the Seller's agents or representatives are authorised to make any representations, statements, conditions or agreements not expressed by the manager of the Seller in writing nor is the Seller bound by any such unauthorised statements.

2.4. The Buyer acknowledges that:

(a) all descriptive specifications, illustrations, drawings, data, dimensions and weights stated in the Seller's fact sheets, price lists or advertising material, are approximate only and are given by way of identification only. The Buyer shall not be entitled to rely on such information, and any use of such does not constitute a sale by description, and does not form part of the Agreement, unless expressly stated as such in writing by the Seller;

(b) while the Seller may have provided information or figures to the Buyer regarding the performance of the Goods, the Buyer acknowledges that the Seller has given these in good faith and are estimates based on the prescribed standards.

2.5. The Buyer acknowledges and accepts that:

(a) the Buyer shall be responsible for ensuring that the Goods ordered are suitable for their intended use;

(b) the supply of Goods on credit shall not take effect until the Buyer has completed a credit application with the Seller and it has been approved with a credit limit established for the account;

(c) in the event that the supply of Goods request exceeds the Buyer's credit limit and/or the account exceeds the payment terms, the Seller reserves the right to refuse delivery and/or request an alternative payment method;

(d) the supply of Goods for accepted orders may be subject to availability and if, for any reason, Goods are not or cease to be available, the Seller reserves the right to vary the Price with alternative Goods as per clause 5.2, subject to prior confirmation and agreement of both parties. The Seller also reserves the right to halt all Services until such time as the Seller and the Buyer agree to such changes. The Seller shall not be liable to the Buyer for any loss or damage the Buyer suffers due to the Seller exercising its rights under this clause; and

(e) changes in regulations or decisions made by local authorities may alter necessary specifications and therefore costs that are unforeseen in order to satisfy such changes in regulations or decisions and this will be invoiced as a variation;

(f) the Price stated will remain fixed for an initial period of twelve (12) months from the date of this Agreement and will then be subject to revision on the basis of the movement in the Consumer Price Index (CPI).

2.6. The commencement date shall be the date of the first delivery of the Services, or from the date of signing, whichever, is the earlier. Fixed

Price Agreements shall be for the period ('initial term") as agreed between both parties and shall revert to a monthly roll over basis automatically (subject to clause 2.5(f)), thereafter, unless agreed otherwise until terminated by either party by giving at least one (1) months required notice as defined in the Agreement prior to the expiration date of the initial term or any additional term.

2.7. In the event that the Goods and/or Services provided by the Seller are the subject of an insurance claim that the Buyer has made, then the Buyer shall be responsible for the payment of any monies payable to the insurance company and agrees to honour their obligation for payment for such transactions invoiced by the Seller and shall ensure payment is made by the due date irrespective of whether the insurance claim is successful.

2.8. Electronic signatures shall be deemed to be accepted by either party providing that the parties have complied with Section 9 of the Electronic Transactions Act 2000 (NSW & SA), the Electronic Transactions Act 2001 (ACT), the Electronic Transactions (Victoria) Act 2000, the Electronic Transactions (Northern Territory) Act 2000, Section 14 of the Electronic Transactions (Queensland) Act 2001, Section 7 of the Electronic Transactions Act 2000 (TAS), Section 10 of the Electronic Transactions Act 2011 (WA), Section 226 of the Contract Commercial Law Act 2017 (NZ) (whichever is applicable), or any other applicable provisions of that Act or any Regulations referred to in that Act.

3. **Errors and Omissions**

3.1. The Buyer acknowledges and accepts that the Seller shall, without prejudice, accept no liability in respect of any alleged or actual error(s) and/or omission(s):

(a) resulting from an inadvertent mistake made by the Seller in the formation and/or administration of this Agreement; and/or

(b) contained in/omitted from any literature (hard copy and/or electronic) supplied by the Seller in respect of the Services.

3.2. In the event such an error and/or omission occurs in accordance with clause 3.1, and is not attributable to the negligence and/or wilful misconduct of the Seller; the Buyer shall not be entitled to treat this Agreement as repudiated nor render it invalid.

4. **Change in Control**

4.1. The Buyer shall give the Seller not less than fourteen (14) days prior written notice of any proposed change of ownership of the Buyer and/or any other change in the Buyer's details (including but not limited to, changes in the Buyer's name, address, contact phone or fax number/s, change of trustees or business practice). The Buyer shall be liable for any loss incurred by the Seller as a result of the Buyer's failure to comply with this clause.

5. **Price and Payment**

5.1. At the Seller's sole discretion, the Price shall be either:

(a) as indicated on any invoice provided by the Seller to the Buyer; or

(b) the Price as at the date of delivery of the Goods according to the Seller's current price list; or

(c) the Seller's quoted price (subject to clause 5.2) which will be valid for the period stated in the quotation or otherwise for a period of thirty (30) days.

5.2. The Seller reserves the right to change the Price:

(a) if a variation to the Goods which are to be supplied is requested; or

(b) if a variation to the Services originally scheduled (including any applicable plans or specifications) is requested; or

(c) if during the course of the Services, the Goods are not or cease to be available from the Seller's third-party suppliers, then the Seller reserves the right to provide alternative Goods; or

(d) in the event of increases to the Seller in the cost of labour or materials (including, but not limited to, any variation as a result of fluctuations in currency exchange rates and/or international freight and insurance charges, of stock or increases to the Seller in the cost of taxes, duties and levies, etc.) which are beyond the Seller's control.

5.3. Variations will be charged for on the basis of the Seller's quotation, and will be detailed in writing, and shown as variations on the Seller's invoice. The Buyer shall be required to respond to any variation submitted by the Seller within ten (10) working days. Failure to do so will entitle the Seller to add the cost of the variation to the Price. Payment for all variations must be made in full at the time of their completion.

5.4. Time for payment for the Goods being of the essence, the Price will be payable by the Buyer on the date/s determined by the Seller, which may be:

(a) on Delivery of the Goods;

(b) thirty (30) days following the end of the month in which a statement is posted to the Buyer's address or address for notices;

(c) the date specified on any invoice or other form as being the date for payment; or

(d) failing any notice to the contrary, the date which is seven (7) days following the date of any invoice given to the Buyer by the Seller.

5.5. Any discounts applicable to the Price shall become null and void if payment is not made by the due date stated on the invoice and/or statement.

5.6. Payment may be made by cheque, bank cheque, electronic/on-line banking, credit card (a surcharge may apply per transaction), or by any other method as agreed to between the Buyer and the Seller.

5.7. The Buyer acknowledges and agrees that any purchases made on credit with the Seller, must reach a minimum of one hundred fifty ($150.00 GST excl) dollars per order. At the Seller's discretion, failure to comply may result in the Seller's reserving the right to charge a minimum order processing fee of fifteen ($15.00 GST excl) dollars that shall be invoiced for that order.

5.8. Payment may be made by cash, cheque, bank cheque, electronic/on-line banking, or by any other method as agreed to between the Buyer and the Seller.

6. **Delivery of Goods**

6.1. Delivery ("Delivery") of the Goods is taken to occur at the time that:

(a) the Buyer or the Buyer's nominated carrier takes possession of the Goods at the Seller's address; or

(b) the Seller (or the Seller's nominated carrier) delivers the Goods to the Buyer's nominated address even if the Buyer is not present at the address.

6.2. At the Seller's sole discretion, the cost of delivery is either included or is in addition to the Price, subject to:

(a) orders to the value of $150.00 net Price and over will have standard freight prepaid to the Buyer's nominated address for orders accepted by the Seller. Orders to the value of less than $150.00 net Price with standard freight will be charged $30+GST as freight & processing charge

(b) orders where overnight, weekend, or special Delivery is requested, will have freight quoted and charged to the Buyer;

(c) the Buyer must take Delivery by receipt or collection of the Goods whenever they are tendered for Delivery. In the event that the Buyer is unable to take Delivery of the Goods as arranged, then the Seller shall be entitled to charge a reasonable fee for redelivery and/or storage.

6.3. The Seller may deliver the Goods in separate instalments. Each separate instalment shall be invoiced and paid in accordance with the provisions in these terms and conditions.

6.4. Any time specified by the Seller for delivery of the Goods is an estimate only. The Buyer must take delivery by receipt or collection of the Goods whenever they are tendered for delivery. The Seller will not be liable for any loss or damage incurred by the Buyer as a result of delivery being late.

7. **Risk**

7.1. Risk of damage to or loss of the Goods passes to the Buyer on Delivery and the Buyer must insure the Goods on or before Delivery.

7.2. If any of the Goods are damaged or destroyed following delivery but prior to ownership passing to the Buyer, the Seller is entitled to receive all insurance proceeds payable for the Goods. The production of these terms and conditions by the Seller is sufficient evidence of the Seller's rights to receive the insurance proceeds without the need for any person dealing with the Seller to make further enquiries.

7.3. If the Buyer requests the Seller to leave Goods outside the Seller's premises for collection or to deliver the Goods to an unattended location, then such Goods shall be left at the Buyer's sole risk.

8. **Title**

8.1. The Seller and the Buyer agree that ownership of the Goods shall not pass until:

(a) the Buyer has paid the Seller all amounts owing to the Seller; and

(b) the Buyer has met all of its other obligations to the Seller.

8.2. Receipt by the Seller of any form of payment other than cash shall not be deemed to be payment until that form of payment has been honoured, cleared or recognised.

8.3. It is further agreed that, until ownership of the Goods passes to the Buyer in accordance with clause 8.1:

(a) the Buyer is only a bailee of the Goods and must return the Goods to the Seller on request;

(b) the Buyer holds the benefit of the Buyer's insurance of the Goods on trust for the Seller and must pay to the Seller the proceeds of any insurance in the event of the Goods being lost, damaged or destroyed;

(c) the Buyer must not sell, dispose, or otherwise part with possession of the Goods other than in the ordinary course of business and for market value. If the Buyer sells, disposes or parts with possession of the Goods then the Buyer must hold the proceeds of any such act on trust for the Seller and must pay or deliver the proceeds to the Seller on demand;

(d) the Buyer should not convert or process the Goods or intermix them with other goods but if the Buyer does so then the Buyer holds the resulting product on trust for the benefit of the Seller and must sell, dispose of or return the resulting product to the Seller as it so directs;

(e) the Buyer irrevocably authorises the Seller to enter any premises where the Seller believes the Goods are kept and recover possession of the Goods;

(f) the Seller may recover possession of any Goods in transit whether or not delivery has occurred;

(g) the Buyer shall not charge or grant an encumbrance over the Goods nor grant nor otherwise give away any interest in the Goods while they remain the property of the Seller;

(h) the Seller may commence proceedings to recover the Price of the Goods sold notwithstanding that ownership of the Goods has not passed to the Buyer.

9. **Personal Property Securities Act 2009 ("PPSA")**

9.1. In this clause financing statement, financing change statement, security agreement, and security interest has the meaning given to it by the PPSA.

9.2. Upon assenting to these terms and conditions in writing the Buyer acknowledges and agrees that these terms and conditions constitute a security agreement for the purposes of the PPSA and creates a security interest in all Goods and/or collateral (account) – being a monetary obligation of the Buyer to the Seller for Services – that have previously been supplied and that will be supplied in the future by the Seller to the Buyer.

9.3. The Buyer undertakes to:

(a) promptly sign any further documents and/or provide any further information (such information to be complete, accurate and up-to-date in all respects) which the Seller may reasonably require to;

(b) register a financing statement or financing change statement in relation to a security interest on the Personal Property Securities Register;

(c) register any other document required to be registered by the PPSA; or

(d) correct a defect in a statement referred to in clause 9.3(a)(i) or 9.3(a)(ii);

(e) indemnify, and upon demand reimburse, the Seller for all expenses incurred in registering a financing statement or financing change statement on the Personal Property Securities Register established by the PPSA or releasing any Goods charged thereby;

(f) not register a financing change statement in respect of a security interest without the prior written consent of the Seller;

(g) not register, or permit to be registered, a financing statement or a financing change statement in relation to the Goods and/or collateral (account) in favour of a third party without the prior written consent of the Seller;

(h) immediately advise the Seller of any material change in its business practices of selling the Goods which would result in a change in the nature of proceeds derived from such sales.

9.4. The Seller and the Buyer agree that sections 96, 115 and 125 of the PPSA do not apply to the security agreement created by these terms and conditions.

9.5. The Buyer waives their rights to receive notices under sections 95, 118, 121(4), 130, 132(3)(d) and 132(4) of the PPSA.

9.7. Unless otherwise agreed to in writing by the Seller, the Buyer waives their right to receive a verification statement in accordance with section 157 of the PPSA.

9.8. The Buyer must unconditionally ratify any actions taken by the Seller under clauses 9.3 to 9.5.

9.9. Subject to any express provisions to the contrary (including those contained in this clause 9), nothing in these terms and conditions is intended to have the effect of contracting out of any of the provisions of the PPSA.

10. Security and Charge

10.1. In consideration of the Seller agreeing to supply the Goods, the Buyer charges all of its rights, title and interest (whether joint or several) in any land, realty or other assets capable of being charged, owned by the Buyer either now or in the future, to secure the performance by the Buyer of its obligations under these terms and conditions (including, but not limited to, the payment of any money).

10.2. The Buyer indemnifies the Seller from and against all the Seller's costs and disbursements including legal costs on a solicitor and own client basis incurred in exercising the Seller's rights under this clause.

10.3. The Buyer irrevocably appoints the Seller and each director of the Seller as the Buyer's true and lawful attorney/s to perform all necessary acts to give effect to the provisions of this clause 10 including, but not limited to, signing any document on the Buyer's behalf.

11. **Defects, Warranties and Returns, Competition and Consumer Act 2010 (CCA)**

11.1. The Buyer must inspect the Goods on delivery and must within fourteen (14) days of delivery notify the Seller in writing of any evident defect/damage, shortage in quantity, or failure to comply with the description or quote. The Buyer must notify any other alleged defect in the Goods as soon as reasonably possible after any such defect becomes evident. Upon such notification the Buyer must allow the Seller to inspect the Goods.

11.2. Under applicable State, Territory and Commonwealth Law (including, without limitation the CCA), certain statutory implied guarantees and warranties (including, without limitation the statutory guarantees under the CCA) may be implied into these terms and conditions (Non- Excluded Guarantees).

11.3. The Seller acknowledges that nothing in these terms and conditions purports to modify or exclude the Non-Excluded Guarantees.

11.4. Except as expressly set out in these terms and conditions or in respect of the Non-Excluded Guarantees, the Seller makes no warranties or other representations under these terms and conditions including but not limited to the quality or suitability of the Goods. The Seller's liability in respect of these warranties is limited to the fullest extent permitted by law.

11.5. If the Buyer is a consumer within the meaning of the CCA, the Seller's liability is limited to the extent permitted by section 64A of Schedule 2.

11.6. If the Seller is required to replace the Goods under this clause or the CCA, but is unable to do so, the Seller may refund any money the Buyer has paid for the Goods.

11.7. If the Buyer is not a consumer within the meaning of the CCA, the Seller's liability for any defect or damage in the Goods is:

(a) limited to the value of any express warranty or warranty card provided to the Buyer by the Seller at the Seller's sole discretion;

(b) limited to any warranty to which the Seller is entitled, if the Seller did not manufacture the Goods;

(c) otherwise negated absolutely.

11.8. Subject to this clause 11, returns will only be accepted provided that:

(a) the Buyer has complied with the provisions of clause 11.1; and

(b) the Seller has agreed that the Goods are defective; and
