### Installation Instructions

**Note:** The 13302 Special Access Hinge Set must only be fitted to doors with a **maximum door weight of 40KG\***. Pay attention to the door gaps depicted in the instructions below.

**Safety Warning:** Only install the bottom corner pivot directly onto the finished floor surface. An unsupported bottom pivot is deemed as unsafe for use and may result in flex in the product and dislodgment of the door.

\* **WARNING:** If fitted to doors exceeding 40KG the performance of the product will reduce and will render the warranty void.
