Summary of Legge commercial mortice lock range

With the introduction of the Legge 991MF Mortice Lock, the Legge commercial mortice lock range now includes:

- Legge 991MF Mortice Lock supersedes the Legge 990MF Vestibule and Combination functions with a standard 60mm backset.
- Legge 990MF continues to be supplied for Nightlatch, Deadlock and Sliding Door functions.
- Legge 990MF is supplied for specifications requiring extended backset of 70mm, 89mm and 127mm for Vestibule and Combination functions.
- The Legge 995MF Mortice Lock for narrow stile applications Vestibule and Combination is unchanged

Legge 991MF code changes

The code convention has changed from 'L9XXX' to 'L91XXX', for example L9MFS, is now L91MFS.

- This change is observed all with Vestibule (V), Combination (C) and Nightlatch (N) configurations
 - Extended backsets and Nightlatch product are unchanged physically, but are now ordered using the 'L91XXX' code convention
- 990 D & S series are unchanged and can still be ordered as L9DS or L9SS, i.e. using the 'L9XXX' convention
