

ALLEGION™

Architectural
hardware
consulting
services

Allegion products are not only designed to complement your architectural vision, but to also function in a way that suits the operational and security requirements of a project.

Together with our team of experienced consultants we offer a range of electronic and mechanical hardware. With a simple consultation we can assist you to specify door hardware compliant with Australian standards and also produce full door hardware documentation for your projects.

How we can help

- Hardware specifications
- Assist with solutions to complex hardware issues
- Review hardware submittals
- CPD-certified training
- General door hardware training
- Compliance to building, life-safety and accessibility codes
- Job site reviews and pre and post installation inspections

Allegion offers quality, security solutions including:

Schlage electronic and mechanical locks and access control solutions

Schlage Biometric time and attendance and access control solutions

Von Duprin exit devices

LCN door closers and auto operators

Ives door accessories

Glynn-Johnson overhead holders and stops

Falcon exits and closers

aptiQ readers and credentials

When you partner with Allegion, you receive:

- **A dedicated resource**
A highly experienced team of Architectural Consultants are awaiting your call
- **Clear communication**
We'll relay any issues or areas of concern and work with you to identify the best solutions
- **Customized solutions**
We provide solutions that are both aesthetically and functionally appropriate
- **Security that matters**
Our products comply to Australian Standards AS1428 & AS4145 as well as provide opportunities to integrate with other systems and features in the building

Contact us at **1800-098-094** and we'll quickly connect you with an Allegion Architectural Consultant in your area or go to **www.allegion.com.au**
